

# ULTRA CBD™

EXPERIENCE THE DIFFERENCE

**UltraCBD™** takes great pride in using the highest quality CBD extract, ensuring that our products has the best possible flavor while maintaining the efficacy of a high potency CBD supplement.

**UltraCBD™** supplements are prepared in state of the art c-GMP facilities with uncompromised “Clean Room” policies and procedures. All elements of the formula and lots are tested for e.coli, staph, total plate count, coliforms, salmonella and heavy metals. UltraCBD™ supplements are tested against industry standard quality control measures. Mandatory Microbiological, ID Testing and a final QC is also compulsory before the final product can leave the facility.

**UltraCBD™** is vested heavily in the manufacturing process and is fully committed to providing you with unrivalled CBD supplements, at an affordable price. Ultra CBD™ is formulated and manufactured in a lab environment; it is held to very high standards and intensively tested before it is sealed. Once sealed, every bottle that leaves the facility is stamped with the lot # and an expiration date for the consumers protection and peace of mind. All UltraCBD™ Tinctures come with a clear dropper to ensure precise dosing.

**UltraCBD™** products are comprehensively labeled with all pertinent and relevant information, usage instructions and a registered UPC bar code.

## QUALITY CONTROL

Quality control is #1 in our manufacturing process. Our production team oversees quality control. Hair nets, masks, gloves, booties and lab coats are worn at every step from formulation to bottling.

## MANUFACTURING FACILITY

Each bottle label shows supplement facts, dosing directions as well as the lot number and expiration date stamped on the bottom of each bottle. Each bottle of UltraCBD™ dietary supplement has a 18 month shelf life.

## MIXING STATION

UltraCBD™ is manufactured at a c-GMP –certified facility. Stainless steel Type 304 food grade cylinders are the norm for all formulations. Our facility's production systems are designed to eliminate human errors.

UltraCBD™ Oil Supplements are available throughout the continental US.
